- Structural components constructed from aluminum, thus preventing any potential for rusting of the structure as seen with other outdoor furnishings on the market.
- Seat and table top available in recycled plastic (9 colors to choose from).
- Stainless steel fasteners utilized for long lasting and rust-free securing of components.
- Easy to clean surfaces.
- Each product is fully customizable with many color choices available.
- Patent pending design
- The “Pegasus Solar Bench” is

Made in America!

Introducing the “Pegasus Solar Bench”, a solar-powered bench shade structure that has been designed to compliment several park bench models on the market that are up to 96” in length. If you happen to need a bench, no problem, EnerFusion also offers the Pegasus Solar Bench with an 8’ bench in backed and non backed styles (as shown in photos).

This charging station is a great addition to any campus or outdoor venue.

The Pegasus Solar Bench has been designed to provide self-sustaining “GREEN” energy wherever it is placed outdoors with access to direct sunlight.

- (4) USB Type A Receptacles
- (1) USB-C Std Charging Port
- (2) USB-C High Speed Charging Ports
